Agenda for Tutorial in Week 5

2021 S2 ANU Techlaunch Project - Cinefly

Date: 22nd Aug 2021

1. Talk about some critical technical decisions(about technical route) and explain how we can achieve the expected results through that route.

2. Show the latest achievements(what we have done)

3. Show the modification of management of our project(decision log, constraint, risk control, etc) based on the feedback from Audit 1 and the last tutorial.

4. Listen to suggestions from tutors and shadow team.
